REACH Regulation (EC) No 1907/2006 and the CLP Regulation (EC) No 1272/2008

Customer Information: Compliance confirmed in REACH-EN-FORCE-2

June 2018

CWS Powder Coatings GmbH

Ladies and Gentlemen,

for further information we send you the current status of implementation concerning REACH and CLP. The responses from our suppliers are evaluated and documented in a database. The suppliers have registered, the relevant materials for use as raw material in the production of coatings, coating systems and products derived there from. Here, a separate registration is not necessary, since the availability is secured.

Updated safety data sheets are delivered on time and we implement it.

So far, no substances have become known, due to the REACH or CLP (cost /dangerousness: SVHC) could not be delivered.

Candidate Substances Lists 10/2008 to 06/2018 (191) in the products are not present and will be avoided.

We check the status of REACH and CLP in internal audits.

The REACH and CLP-conformity has been assessed externally by the authorities. There were no deviations or evidence, so we can ensure absolute conformity to REACH and CLP.

Sincerely

Dr. Heinz Herzog

(REACH- Representative)
